I'm also copying our Communications Deputy, Amy Gebert. She may have some additional ideas. She may also be able to provide an update about the website in an upcoming newsletter and/or Facebook post.

Best,

David

David,

We are now live with the developsanpedro.com website and you are the first person I'm telling about it.

Under the economic development tab at the top we are seriously lacking some good links. Can you send me some so we can have a more robust site?

Also, please let me know when you hear of something or have more info about an existing project so we can update the site.

Thank you in advance for your assistance.

Best regards,
